Writing

I don't like computer games, so I can't say what game is my favourite. But once I played a computer game. I liked that game, but I can't remember it's name, but I can talk about it. You can make your own character in this game. You choose it's style, clothes, it's face and so on. There wasn't any plot. Every new level has it's own plot. The places are different too. You can choose or favourite place and play there. The aim of the games is to be a winner. You should be faster than others, be stronger and so on. I can recommend this game for people who who wants to improve their reaction or who like games with interesting character. I think that's all what I wanted to say about my favourite game.
